📍 Guangzhou, China

Education

Nanjing University of Aeronautics and Astronautics (NUAA), Aerospace Engineering
• Focus on structural dynamics and multi-body system simulation.

Nanjing, China
2010 – 2015

Beijing Institute of Technology (BIT), Flight Vehicle Design

Beijing, China
2006 – 2010

Experience

Sun Yat-Sen University, Vice Researcher
School of System Science and Engineering. Leading adaptive control design and optimization for novel UAVs.

Guangzhou, China
2021 – present
5 years

Queen's University Belfast, Research Fellow
Developing integrated nacelle-structure design tools for Rolls-Royce.

Belfast, UK
2018 – 2021
3 years

Nanjing University of Aeronautics and Astronautics (NUAA), Post-doctoral Researcher / Lecturer

Nanjing, China
2015 – 2018
3 years
